

Addendum to Questions and Answers

Relevant to all RFPs:

Please note: The funding amounts listed in the RFPs, per site, indicated the anticipated amount available for the current program year, through June 30. We hope for renewal of Project Longevity funding for the program year beginning July 1, 2023, which will allow renewal of the contracts resulting from these procurement processes. Unless the Project Longevity funding amount changes, it is anticipated the contracts would be renewed for the program year at approximately the same level as estimated in the current RFPs.

Relevant to Housing RFP:

1. What are the financial reporting and drawdown requirements?

Initiating payments of 50,000 will be made upon contract execution. Quarterly invoices, showing expenses to date by cost category, will be due April 15, 2023 for expenses through March 30 2023, and July 15 for expenses through June 30. A second installment payment will be made following the receipt of the April 15 expense report.

2. Are landlord incentives an allowable cost (security deposit, last month's rent etc.) ? Or are these included in the DOH rental assistance funding?

No. These costs are included in the DOH rental assistance funding.
